# Part of every Exchangites life: Covenant of Service

Accepting the divine privilege of single and collective responsibility as life's noblest gift, I covenant with my fellow Exchangites:

TO consecrate my best energies to the uplifting of Social, Religious, Political and Business ideals;

TO discharge the debt I owe to those of high and low estate who have served and sacrificed that the heritage of American citizenship might be mine;

TO honor and respect law, to serve my fellowmen, and to uphold the ideals and institutions of my country;

TO implant the life-giving, society-building spirit of Service and Comradeship in my social and Business relationships;

TO serve in Unity with those seeking better conditions, better understandings and greater opportunities for all.

# Pledge of Allegiance

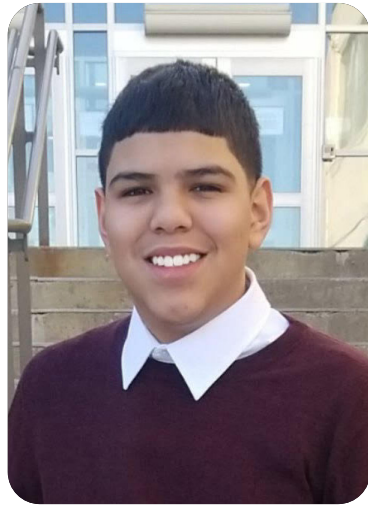

I pledge allegiance to the flag of the United States  
Of America and to the Republic for which it stands -  
One nation *under* **God**, indivisible, With  
Liberty and Justice for all.

*In Loving Memory of*  
LIEUTENANT COLONEL  
**SEAN MICHAEL JUDGE**

*Sean grew up in Lawrence and graduated from Central Catholic High School in 1989. At graduation, Sean received an appointment to the United States Air Force Academy. Subsequently, he was named a distinguished graduate of the academy, receiving a bachelor's degree in engineering in June 1993. His family gives funds to the Exchange Club each year so that we can send a deserving student to central catholic and honor a student graduating from central as well. This year, we are pleased to award this scholarship in memory of Lt. Col Sean judge to Jathian Medina and Brian Nanje.*

NORTH ANDOVER

**3.8 Million**  
tons of metals  
recovered

**90%**  
landfill reduction

**1 Ton**  
of CO2 avoided

We recover and recycle valuable resources such as metals from the waste stream that would otherwise end up in landfills

We use local waste materials as a fuel to produce electricity and steam, reducing dependence on landfills

Every 1 ton of waste converted to energy = 1 ton of carbon dioxide avoided
